Project Title: Y2K

I'd like to build this site as multiple pages, talking about the concept of Y2K

- **Home Page/Introduction** – <https://en.wikipedia.org/wiki/Email#History>

Briefly introduce the history of the year 2000 problem, which initially refers to potential computer errors related to the formatting and storage of calendar data for dates in and after the year 2000.

- **Programming Problem/Solutions**
- **Different countries' responses + Cost**
- **Fringe group responses**
- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
